Dear council member,

At the occasion of the Olympic games Paris 2024 the club of Asnelles has taken the initiative to have landsailing as a demonstration sport.

This project aligns with the mission statement of FISLY and a first letter of support was already sent to the initiators.

As you a member of the FISLY council we would like to be informed of your agreement with the support for this project.

May I ask you to send your answer before at latest on next Tuesday the 19th of September.

Yours,

Jan Leye
FISLY secretary
