In France, hundreds of schoolchildren sail every day at low tide on most of the beaches with sailing schools along the entire North Sea and Atlantic coast of France.

International Youth Championships 2023 - Gravelines (France)

In October 2023, almost 120 children and young people aged between 8 and 21 from Belgium and France therefore took part in the 1st International Youth Championships 2023. Thanks go to the French Federation and USG Char a Volie Gravelines for opening up their infrastructure for this event. For years, more than 100 French children and young people have been taking part in the French championships. The sporting results are well known.

FISLY YOUTH CAMP

Children and young people are vital for sand and land sailing in all classes. The FISLY YOUTH CAMP is to become a permanent institution. In particular, it is intended to help countries that have no or few children and young people and no infrastructure for access to sand and land yachting.
